BOOKS

All 4, 5, and 6 grade students are involved in novel studies during the school year. This is an exciting opportunity for students to read complete books and they often become interested in an author or inspired to read more of his/her books. It is important that each student has their own copy as they will be marking, highlighting and underlining their books. And, since we purchase all books together, we can assure that all students have the same version. This is more educationally valuable for all students. If for any reason, paying this dollar amount is a hardship for your family, please be sure to let us know.
