

At BCS Preschool, we believe each child is uniquely and individually created by God, "fearfully and wonderfully made" (Psalm 139)

The preschool years are vitally important. There is so much for your child to learn, and so many new concepts to explore in God's marvelous creation. Our classrooms are busy places, full of many opportunities for children to learn about God's *world* and God's *word* as they practice being a part of a learning community. Our teachers are committed to providing a broad and enriching experience for your child across all developmental domains (physical, social-emotional, spiritual, and academic.)

*****All children must be fully toilet trained before entering preschool*****

***** All birthday exceptions must be approved by Director*****
